

DENTURE CARE

for bespoke dentures

PRICELIST 2008

STANDARD

Standard acrylic teeth set in high quality acrylic.

Full Set £495 Single £300 Partial from £275

COSMETIC

High detail, multi-layer acrylic teeth set in high impact acrylic. Additional gum contouring and choice of cosmetic setup make this ideal for patients requiring a more natural, higher detail finish. Choice to add standard anterior porcelain teeth for £100 per denture.

Full Set £795 Single £450 Partial from £425

CANDULOR PORCELAIN / TCR RESIN

Highest quality Swiss Candulor porcelain or resin teeth set in Hi-Base acrylic with a 5 Year breakage guarantee (Conditions apply). Includes the Gum ColourTone system for the most natural and high detail finish possible.

Full Set £1295 Single £700

IVOCLAR BPS

The Ivoclar Biofunctional Prosthetic System (BPS) offers unrivalled results. Highly specialised measuring and manufacturing techniques for the best fit and function possible. Unique Ivoclar injection moulded resin for maximum accuracy. Very few providers can offer the BPS system due to the additional training requirements and manufacturing skill involved. SIMPLY THE BEST !!

Full Set £1895 Single £1000

GUM COLOURTONE SYSTEM

We are one of a few denture providers in the UK to offer the Enigma ColourTone System. **FREE booklet and DVD or CD on request.** A choice of colour tones replicates the varying shades of natural gum tissues to ensure the most lifelike and natural look possible for your dentures.

£150 per denture (if not included)
